⁵ Bills for utility services are due and payable when rendered. Any payment not received within fifteen (15) days from the date the bill was rendered shall be considered delinquent and subject to the termination policy set forth in the Company's rate tariff. All Late Payment Charges shall be billed on the customer's next regularly scheduled billing. If the customer fails to pay the Late Payment Charge by the due date on the next billing, the customer will receive a ten (10) day termination notice. If the customer does not pay the Late Payment Charges by that date the service will be terminated. Service shall be terminated only for that service for which the customer is delinquent or is in violation of other Tariff or Rule provisions. All customers whose service is terminated for failure to pay the Late Payment Charges are subject to the Company's reconnection charges set forth in the Company's tariff.

⁶ This charge shall not apply if the customer has arranged for a Deferred Payment Plan.

⁷ The customer shall be the owner of and be responsible for the design, installation, maintenance and operation of the Service Line on the customer's side of the water meter.

IV. PERMITTED COSTS

- A. Costs shall be verified by invoice.
- B. For services that are provided by the Company at costs, cost shall include labor, materials, other charges incurred, and overhead not to exceed 10%. However, prior to any such service being provided, the estimated cost of such service will be provided by the Company to the customer. After review of the cost estimate, the customer will pay the amount of the estimated cost to the Company.
- C. In the event that the actual cost is less than the estimated cost, the Company will refund the excess to the customer within 30 days after completion of the provision of the service or after Company's receipt of invoices, timesheets or other related documents, whichever is later.
- D. In the event the actual cost is more than the estimated cost, the Company will bill the customer for the amount due within 30 days after completion of the provision of the service or after the Company's receipt of invoices, timesheets or other related documents, whichever is later. The amount so billed will be due and payable 30 days after the invoice date. However, if the actual cost is more than five percent (5%) greater than the total amount paid, the customer will only be required to pay five percent (5%) more than the total amount paid, unless the Company can demonstrate that the increased costs were beyond its control and could not be foreseen at the time the estimate for the total amount paid was made.

PART TWO

STATEMENT OF TERMS AND CONDITIONS
WATER SERVICE

I. CROSS-CONNECTION CONTROL

A. Purpose.

To protect the public water supply in the Company's water supply in the Company's water system from the possibility of contamination caused by backflow through unprotected cross-connections by requiring the installation and periodic testing of backflow-prevention assemblies pursuant to the provisions of the Arizona Administrative Code, Title 14, Chapter 2, Section 405.B.6 as adopted by the Arizona Corporation Commission, and Title 18, Chapter 4, Section 115, as adopted by the Arizona Department of Environmental Quality, or Maricopa County Environmental Services Division, as those regulations may be revised from time to time.

B. Inspections.

The customers shall cooperate fully with the Company in its efforts to investigate and determine the degree of potential health hazard to the public water supply which may result from conditions existing on the customer's premises.

C. Requirements.

In compliance with the Rules and Regulations of the Arizona Corporation Commission and the Arizona Department of Environmental Quality, specifically A.A.C. R14-2-405.B.6 and A.A.C. R18-4-115 relating to backflow prevention:

PART TWO

STATEMENT OF TERMS AND CONDITIONS
WATER SERVICE

1. The Company may require a customer to pay for and have installed, maintain, test and repair a backflow-prevention assembly if A.A.C. R18-4-115.B or C applies.

2. A backflow-prevention assembly required to be installed by the customer under this tariff shall comply with the requirements set forth in A.A.C. R18-4-115.D and E.

3. The Company shall give any customer who is required to install and/or test a backflow-prevention assembly written notice of said requirement. If A.A.C. R14-2-410.B.1.a. is not applicable, the customer shall be given thirty (30) days in which to comply with this notice. If the customer can show good cause as to why he cannot install the device within thirty (30) days, the Company or the Arizona Corporation Commission Staff may grant additional time for this requirement.

4. Testing shall be in conformance with the requirements of A.A.C. R18-4-115.F. and Maricopa County Environmental Services Division. The Company shall not require an unreasonable number of tests.

5. The customer shall provide the Company with records of installation and testing. For each backflow-prevention assembly, these records shall include:

- b. location;
- c. date(s) of test(s);
- d. description of repairs made by tester; and
- e. tester's name and certificate number.

D. Discontinuance of Service.

In accordance with A.A.C. R14-2-407 and 410 and provisions of this tariff, the Company may terminate service or deny service to a customer who fails to install and/or test a backflow-prevention assembly as required by this tariff.

1. In the event the backflow-prevention assembly has not been installed or fails any test and A.A.C. R14-2-410.B.1.a. is applicable, the Company may terminate service immediately and without notice. The backflow-prevention assembly shall be installed and repaired by the customer and retested before service is restored.

2. In the event the backflow-prevention assembly has not been installed or fails any test and A.A.C. R14-2-410.B.1.a. is not applicable, the backflow-prevention assembly shall be installed and/or repaired by the customer and tested within fourteen (14) days of written notice by the Company. Failure to install or to remedy the deficiency or dysfunction of the assembly, or failure to retest shall be grounds for termination of water utility service in accordance with A.A.C. R14-2-410.

III. CURTAILMENT PLAN FOR SUNRISE UTILITIES, L.L.C.

ADEQ Public Water System Number: PWS I.D. # _____

Sunrise Utilities, L.L.C. ("Company") is authorized to curtail water service to all customers, residential and commercial, within its certificated area under the following terms and conditions listed in this Tariff.

This curtailment shall become part of the Arizona Department of Environmental Emergency Operations Plan for the Company.

Stage 1 Exists When:

Company is able to maintain water storage in the system at 100 percent of capacity and there are no known problems with its well production or water storage in the system.

Restrictions: Under Stage 1, Company is deemed to be operating normally and no curtailment is necessary.

Notice Requirements: Under Stage 1, no notice is necessary.

PART TWO

STATEMENT OF TERMS AND CONDITIONS
WATER SERVICE

Stage 2 Exists When:

- a. Company's water storage or well production has been less than 80 percent of capacity for at least 48 consecutive hours, and
- b. Company has identified issues such as steadily declining water table, an increased draw-down threatening pump operations, or poor water production creating a reasonable belief the Company will be unable to meet anticipated water demands in the system.

Restrictions: Under Stage 2, the Company may request the customers to voluntarily employ water conservation measures to reduce water consumption by approximately 50 percent. Outside watering should be limited to essential water, dividing outside watering on some uniform basis (such as even and odd days) and eliminating outside watering on weekends and holidays.

Notice Requirements: Under Stage 2, the Company is required to notify customers by delivering written notice door to door at each service address, or by United States first class mail to the billing address or, at the Company's option both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.

Stage 3 Exists When:

- a. Company's total water storage or well production has been less than 50 percent of capacity for at least 24 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 3, Company shall request the customer to voluntarily employ water conservation measures to reduce daily consumption by approximately 50 percent. All outside watering should be eliminated, except livestock, and indoor water conservation techniques should be employed whenever possible. Standpipe service shall be suspended.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option both. Such Notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Beginning with Stage 3, Company shall post at least two (2) signs showing the curtailment stage. Signs shall be posted at noticeable locations, like at the well sites and at the entrance to the major subdivision served by the Company.

3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering stage 3.

Once Stage 3 has been reached, the Company must begin to augment the supply of water by either hauling or through an emergency interconnect with an approved water supply in an attempt to maintain the curtailment at a level no higher than Stage 3 until a permanent solution has been implemented.

Stage 4 Exists When:

- a. Company's total water storage or well production has been less than 25 percent of capacity for at least 12 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 4, Company shall inform the customers of a **mandatory** restriction to employ water conservation measures to reduce daily consumption. Failure to comply will result in customer disconnection. The following uses of water shall be prohibited:

STATEMENT OF CHARGES
WASTEWATER SERVICE

D.	Deposit Requirement ¹¹ per Rule R140-2-603B	
1.	Residential customer	(2 times estimated average monthly bill)
2.	Non-residential customer	(2-1/2 times estimated maximum monthly bill)
3.	Deposit Interest	6.0%
E.	Charge for NSF Check per Rule R14-2-608E ¹²	\$20.00
F.	Deferred Payment Finance Charge, per month ¹³	1.5%
G.	Late Payment, Per Month, per Rule R14-2-608F	1.5% ^{14 15}

¹¹ The Company does not normally require a deposit prior to the provision of service. However, if the service is not in the property owner's name, this deposit is required. Also in the event service is disconnected due to nonpayment, this deposit may be required.

¹² This charge shall not apply if wastewater service is paid with the same NSF check used to pay for water service for which a NSF fee is charged.

¹³ Deferred payments for wastewater service are only available if established in connection with deferred payments for water service under PART ONE, III(I) of this tariff.

¹⁴ This charge shall not apply if the customer has arranged for a Deferred Payment Plan.

¹⁵ Bills for utility services are due and payable when rendered. Any payment not received within fifteen (15) days from the date the bill was rendered shall be considered delinquent and subject to the termination policy set forth in the Company's rate tariff. All Late Payment Charges shall be billed on the customer's next regularly scheduled billing. If the customer fails to pay the Late Payment Charge by the due date on the next billing, the customer will receive a ten (10) day termination notice. If the customer does not pay the Late Payment Charges by that date the service will be terminated. Service shall be terminated only for that service for which the customer is delinquent or is in violation of other Tariff or Rule provisions. All customers whose service is terminated for failure to pay the Late Payment Charges are subject to the Company's reconnection charges set forth in the Company's tariff.

STATEMENT OF CHARGES
WASTEWATER SERVICE

IV. PERMITTED COSTS

- A. Costs shall be verified by invoice.
 - B. For services that are provided by the Company at cost, cost shall include labor, materials, other charges incurred, and overhead. However, prior to any such service being provided, the estimated cost of such service will be provided by the Company to the customer. After review of the cost estimate, the customer will pay the amount of the estimated cost to the Company.
 - C. In the event that the actual cost is less than the estimated cost, the Company will refund the excess to the customer within 30 days after completion of the provision of the service or after Company's receipt of invoices, timesheets or other related documents, whichever is later.
 - D. In the event the actual cost is more than the estimated cost, the Company will bill the customer for the amount due within 30 days after completion of the invoices, timesheets or other related documents, whichever is later. The amount so billed will be due and payable 30 days after the invoice date.
 - E. At the customer's request, the Company shall make available to the customer all invoices, timesheets or related documents that support the cost for providing such service.
 - F. Permitted costs shall include any Federal, State or local taxes that are or may be payable by the Company as a result of any tariff or contract for wastewater facilities under which the Customer advances or contributes funds or facilities to the Company.

PART FOUR

STATEMENT OF TERMS AND CONDITIONS
WASTEWATER SERVICE

I. CUSTOMER DISCHARGE TO SYSTEM

A. Service Subject to Regulation

The Company provides wastewater service using treatment and collection facilities that are regulated by numerous county, state and federal Statutes and Regulations. Those Regulations include limitations as to domestic strength wastewater and the type of wastewater that may be discharged into the system by any person directly or indirectly connected to the plant.

B. Waste Limitations

The Company has established the permissible limits of concentration as domestic strength wastewater and will limit concentration for various specific substances, materials, waters, or wastes that can be accepted in the sewer system, and to specify those substances, materials, waters, or wastes that are prohibited from entering the sewer system. Each permissible limit so established shall be placed on file in the business office of the Company, with a copy filed with the Commission. No person shall discharge, or cause to be discharged, any new sources of inflow including, but not limited to, storm water, surface water, groundwater, roof runoffs, subsurface drainage, cooling water, or polluted industrial process waters into the sanitary sewer. The Company will require an affidavit from all commercial and industrial customers, and their professional engineer, stating that the wastewater discharged to the system does not exceed domestic strength.

STATEMENT OF TERMS AND CONDITIONS
WASTEWATER SERVICE

C. Inspection and Right of Entry

Every facility that is involved directly or indirectly with the discharge of wastewater to the Treatment Plant may be inspected by the Company as it deems necessary. These facilities shall include but not be limited to sewers; sewage pumping plants; all processes; devices and connection sewers; and all similar sewerage facilities. Inspections may be made to determine that such facilities are maintained and operated properly and are adequate to meet the provisions of these rules. Inspections may include the collection of samples. Authorized personnel of the Company shall be provided immediate access to all of the above facilities or to other facilities directly or indirectly connected to the Treatment Plant at all reasonable times including those occasioned by emergency conditions. Any permanent or temporary obstruction to easy access to the user's facility to be inspected shall promptly be removed by the facility user or owner at the written or verbal request of the Company and shall not be replaced. No person shall interfere with, delay, resist or refuse entrance to an authorized Company representative attempting to inspect any facility involved directly or indirectly with a discharge of wastewater to the Treatment Plant. Adequate identification shall be provided by the Company for all inspectors and other authorized personnel and these persons shall identify themselves when entering any property for inspection purposes or when inspecting the work of any contractor.

All transient motor homes, travel trailers and other units containing holding tanks must arrive at the Company's service area in an empty condition. Inspection will

be required of said units prior to their being allowed to hookup to the wastewater system.

D. Termination of Water Service for Violation of Wastewater Rules and Regulations

The Company is authorized to discontinue water service to any person connected to both its water and sewer systems who violates the Company's wastewater terms and conditions as set forth in this PART FOUR or in any way creates a public health hazard or the likelihood of such a public health hazard. This termination authority does not apply to non-payment for water or wastewater services.

II. RULES AND REGULATIONS

The Company has adopted the Rules and Regulations established by the Commission as the basis for its operating procedures. A.A.C. R14-2-601 through A.A.C. R14-2-609 will be controlling of Company procedures, unless specifically approved tariffs or Commission Order(s) provide otherwise.
